SOFTWARE DEVELOPMENT ENGINEER

Keen to have a challenging and performance oriented career with an organization of distinction which recognizes my true potential and provides me sufficient avenues for professional growth in the field of iOS Application Development.

PROFILE

- I have 6+ **years** of experience in iOS **Application Development.**
- Worked on different kinds of projects like Utility, Massaging App, Nutrition, E-Commerce, Video Call, and Live Streaming Applications.
- Familiar with Unity Integration in native iOS App.
- Familiar with all the famous design patterns like **MVC**, **MVP**, **MVVM**, etc.
- Having good knowledge of different frameworks and libraries like **Alamofire**, **Google Firebase**, **Socket.io, Web-RTC**, **STOMP**, **Core Data**, **AV Player, Crypto Swift, Kingfisher**, **SDWebImage**, **SideMenu**, **SDWebImage**, **Quick, MapKit, AVKit, HealthKit** and **Nimble** and many more.
- Worked on Cocoa Touch, REST API and SWIFT Etc.
- Design and developed multiple types of frameworks and pods.
- Unit testing for developed functionalities.
- Have Intermediate experience in SwiftUI.
- Have Beginner experience in Flutter,Dart, React and NodeJS.

ROLES AND RESPONSIBILITIES

● Developed and maintained iOS applications across various domains such as Utility, Messaging, Nutrition, E-Commerce, Video Call,Transportation and Live Streaming.
● Integrated Unity within native iOS applications for enhanced user experiences.
● Code Reviews for developed functionality to ensure code readability and solid

principal objectives.
● Development to Deployment Complete app cycle reviews.
● Implemented CICD Process for application deployment.
● Debugging and Fixing crucial issues.
● Implemented well-known design patterns including MVC, MVP, and MVVM for structured and maintainable codebases.
● Utilized industry-standard frameworks and libraries such as Alamofire, Firebase, Socket.io, WebRTC, Core Data, AVPlayer, CryptoSwift, Kingfisher, SDWebImage, SideMenu, Quick, MapKit, AVKit, HealthKit, Nimble, and more.
● Built and consumed REST APIs, leveraging Cocoa Touch and Swift for seamless integration and functionality.
● Designed and developed custom frameworks and CocoaPods for reusability and streamlined development.
● Performed unit testing to ensure reliability and performance of application features.
● Explored SwiftUI for modern UI development with an intermediate understanding of its concepts and architecture.

TECHNICAL SKILL SET

Technologies	:	iOS, iPAD OS,Watch OS
Languages	:	Swift, C, Embedded C,SwiftUI,Flutter,NodeJS
Libraries Used	:	Alamofire, Google Firebase, Socket.io MBProgressHUD, Web-RTC, STOMP, Core Data, AV Player, Kingfisher, SDWebImage, Sidemen, Crypto Swift, Encrypted core data,End to end encryption etc.
Web Skills	:	XML, JSON
IDE	:	Xcode,vscode
Version Control	:	GitHub, Bit Bucket, Git-Lab
Database	:	Firebase Firestore, User Defaults, Key- Chain,SQLite
Project Management	:	Jira
Operating Systems	:	Windows Family, Mac

WORK EXPERIENCE

Software Engineer
Title: Senior Developer
Company Name: Velocis systems private limited
Duration: June 2022 – Present.

System Engineer
Title: iOS Developer
Company Name: Tata Consultancy Services
Duration: April 2022 – June 2022

iOS Developer
Title: Associate Consultant - Development
Company Name: Oodles Technologies Pvt. Ltd
Duration: June 2021 – April 2022

Software Engineer
Title: iOS Developer
Company Name: Monkhub Innovations Pvt. Ltd.
Duration: December 2020 – June 2021

Software Engineer
Title: Freelance Developer
Company Name: Total VDO Solutions.
Duration: January 2019 – November 2020

PROJECT SUMMARY

NextGen mPArivahan
Tools: Xcode
Version Support: iOS13 and above
Platform: iPhone
Team Size: 6
Role: Sr. iOS Developer
Store Link: https://apps.apple.com/in/app/nextgen-mparivahan/id1450914131
Description: Ministry of Transport, India.

Delhi Highcourt
Tools: Xcode
Version Support: iOS13 and above
Platform: iPhone
Team Size: 1
Role: Sr. iOS Developer
Store Link: App completed and In the process of launch
Description:Delhi HighCourt, India.

Aptel(Appellate Tribunal For Electricity)

Tools: Xcode
Version Support: iOS13 and above
Platform: iPhone
Team Size: 1
Role: Sr. iOS Developer
Store Link: App completed and In the process of launch
Description: Ministry of Power, India.

COA(Council Of Architecture)
Tools: Xcode
Version Support: iOS13 and above
Platform: iPhone
Team Size: 1
Role: Sr. iOS Developer
Store Link: App launched on Appstore.
Description: Ministry of education,India.

Batch
Tools: Xcode
Version Support: iOS14 and above
Platform: iPhone,iPad
Team Size: 1
Role: Sr. iOS Developer
Store Link: NA
Description: Health related service for fitness, Healthy Meals as well as Health Kit Data also implemented localization for Arabic.

in10m
Tools: Xcode
Version Support: iOS14 and above
Platform: iPhone,iPad
Team Size: 1
Role: Sr. iOS Developer
Store Link: https://apps.apple.com/cy/app/in10m/id1473431432
Description: Home Service Application like users can search for local area service men who provide household maintenance service and call them and track their location in real time.It is more like uber service but for household maintenance like plumber, gardener etc.

Fructus
Tools: Xcode, SwiftUI
Version Support: iOS16 and above
Platform: iPhone
Team Size: 1
Role: Sr. iOS Developer

Store Link: Not yet on app store
Description: Fruits description details by name of the fruit or image uploaded or taken from the camera.

Pinch
Tools: Xcode, SwiftUI
Version Support: iOS16 and above
Platform: iPhone
Team Size: 1
Role: Sr. iOS Developer
Store Link: Not yet on app store
Description:Small but interactive iOS SwiftUI Application

Mazall Now
Tools: Xcode
Version Support: iOS13 and above
Platform: iPhone
Team Size: 2
Role: Sr. iOS Developer
Store Link: https://testflight.apple.com/join/USKv65W8
Description: It's a chatting trading application with community support and messaging support for one to one and group and also can register products to sell.

Vixo
Tools: Xcode
Version Support: iOS12 and above
Platform: iPhone
Team Size: 1
Role: Developer
Store Link: https://testflight.apple.com/join/TcVmMvNb
Description: It’s a Live Concerts Stream App created and streamed by verified Artists. Live stream is 2D and 360 View supportable as well as VR Support made in Unity and integrated in native apps. The app also has chat support for users with seen, unseen, forward, reply, group, starred, archived, status, voice call and video call for one to one and one to many functionality. It also has wallet and profile features.

PandoJo
Tools: Xcode
Version Support: iOS12 and above
Platform: iPhone
Team Size: 2
Role: Developer
Store Link: Available On App Store

Description: It's a Live Concerts Stream App created and streamed by verified Artists. Live stream is 2D and 360 View supportable.

Tutorx
Tools: Xcode
Version Support: iOS12 and above
Platform: iPhone
Team Size: 1
Role: Developer
Store Link: https://testflight.apple.com/join/zrNtJnKM
Description: It's a Live Stream Educational App created and streamed by verified Educators. Live Class stream application.

Yeah Buddy
Tools: Xcode
Version Support: iOS9 and above
Platform: iPhone
Team Size: 1
Role: Developer
Store Link: Available On App Store
Description: It's a Fitness and Nutrition Consultation based app where users can take an assessment of their health and get personalized nutrition and diet for the same and also get personalized exercise for the same. Users also can get on purchase consultation from well known experts. Also have some VR section utilities made in Unity and integrated in the project.

Zaki Home Decor
Tools: Xcode
Version Support: iOS7 and above
Platform: iPhone
Team Size: 2
Role: Developer
Store Link: https://apps.apple.com/us/app/zaki-home-decor/id1431550226
Description: Zaki Home Decor is an e-Commerce app which lets you choose several antique and designer items.

Fitla
Tools: Xcode
Version Support: iOS7 and above
Platform: iPhone
Team Size: 2
Role: Developer
Store Link: https://apps.apple.com/us/app/fitla/id1475110515
Description: Fitla is a fitness app in which people can update their daily exercise data and can see data of others so that they can compete and get motivated for exercising every day. Several accumulated by all the members' teams are created and ranking is provided

as per the points of the team.

Home Remedies

Tools: Xcode
Version Support: iOS7 and above
Platform: iPhone
Team Size: 5
Role: Developer
Store Link: Under Development
Description: Home Remedies is a utility app in which you can view cures for several illnesses, yoga tips and positions, healthy drinks, healthy foods and hair care tips.

EDUCATIONAL CREDENTIALS

B. Tech in Electronics and Communication Engineering, UPTU, 2010 - 2014
IMS Engineering College, Ghaziabad, U.P
XII 2008, Harihar Singh public school, Jaunpur, U.P, State Board
X 2006, TD Inter College, Jaunpur, U.P, State Board

OTHER SKILLS

- Good communication skills and rich domain knowledge,
- Effective team player with ability to work comfortably with people from diverse backgrounds & experiences.
- Conceptually strong with an innovative and analytical approach to the work with an eye for detail. Habitually use a systematic approach in objectively identifying the real source of a given problem.
- Hobbies: DOTA 2

DECLARATION

I hereby declare that the information given above is true as per best of my knowledge.

Date:
12/11/2026
